

love cooking

Love these exciting new products from NEFF

Renowned German kitchen appliances leader NEFF has some **hot** new appliances cooking for 2007/8. Dedicated to good, clean fun in the kitchen, Neff's new range features **advanced labour saving features** that will have the hearts of domestic chefs beating fast and culinary imaginations running wild.

In true NEFF style, the **new range additions** are the proud result of integrated **style, design** and **innovation** aimed at making light work of cooking. Through studying the way people like to cook, the design team behind the brand have created **modern appliances** which make kitchen activities **easier** and more **enjoyable**.

Signature **sleek** aesthetics complete the package and ensure clean and **elegant** integration into a chic, modern kitchen. Satisfaction and **confidence** is assured with a **4 year warranty** on all products.

The heart of the home has never felt - or looked - so good.

New and enhanced product additions to the range include: pyrolytic, steam & microwave ovens; semi-integrated dishwasher; induction cooktop; warming drawer and coffee centre.
